Welcome to OSF Baseball, a proud partner of Ohio Sports and Fitness. Within our organization, we have over 40+ years of high level coaching and playing experience. Our owners both played collegiate baseball and even have some professional years in minor league baseball (Frank DeSico - University of Notre Dame and Avon Crushers | Tim McCoy - Marietta College).

From the top down, our philosophies focus on the true DEVELOPMENT of our baseball players. We want to see players get better, both on and off the field! Frank has helped over 50+ athletes receive scholarships to play collegiate athletics, and Tim has been extremely active in the travel baseball and high school baseball since graduating, currently coaching JV Baseball at St. Ignatius HS.

With this being said, we will look to bring a NEXT LEVEL approach to instruction and development to the Cleveland area for kids looking to improve and be a part of this organization that fosters a sense of importance put on training. Thus, we will be practicing with a purpose and giving kids every opportunity to take advantage of the many resources available within our program to GET BETTER and LEARN!
